## New Life Recovery Program for Women Application for Admission

This is a huge step forward in your recovery. It takes a tremendous amount of courage to even apply to a program. We hope to be an encouragement to you as you move forward. We are not here to judge you; we are here to help. Please know that your information will be treated with the utmost respect for privacy. Any information obtained is for the sole purpose of determining if this program is a good fit for your needs and will not be released to any outside agency for any reason without your specific written consent to such a disclosure.

There are a few things we would like to tell you about our program up front:

1. Our program is 12 to 16 months long, including a 30 Candidate Phase, three approximate 3-month Program Phases, and a two-month work phase where residents can find employment and save money while they look for housing.
2. We are faith based. You do not need to be a Christian to enter, and we do not require that you become a Christian at any point in the program. However, our program is Bible-based, and we do lead our classes from a Christian perspective. All we ask of you is for an open-minded and willing attitude towards Christian teachings.
3. We are a nicotine free environment. Nicotine is a highly addictive drug and we recognize its negative impact on your overall health and well-being. You may use nicotine replacement therapies during the first 30 days of the program but must be nicotine-free before phasing into the program.
4. We are a time-out from romantic relationships (except for a legal marriage, which is a separate issue).
5. Because our program is designed for those who have no other resources, those accepted into the program are not allowed to have access to any outside income (such as SSI, SSDI, Unemployment, GA, etc.) while in the program. Rep payees or another trusted person to handle their finances will be necessary while they are in the program.
6. The program can accommodate up to 9 women. Space is limited and so we have guidelines on the number of items you can bring into the program. More information on this will be provided upon your acceptance.

More than anything- we want you to succeed in overcoming your life controlling issues! If you have questions about any of the above, we encourage you to call Deborah Metzler at 707-576-1471 or by email at [dmetzler@srmission.org](mailto:dmetzler@srmission.org).

Please fill out the following application honestly and thoroughly. **Also, include a cover letter telling us about yourself and how your life controlling issue has affected your life.** Most importantly- **please include a contact phone number and a contact address** so that we may follow-up with you in a timely manner.
